PROFESSIONAL EXPERIENCE

Aperture Investors

Manhattan, New York, USA

AI Engineer - Intern

June 2026 – Present

- Built an AI-powered business application integrating interactive dashboards, automated data pipelines, and chatbot capabilities using APIs, MCP, Airflow DAGs, and Snowflake, enabling management to access real-time insights and make data-driven decisions.
- Developed an AI-powered chatbot for Sales and Investor Relations with CRM write-back capabilities using Snowflake Cortex and Llama, reducing manual data entry by 50% and providing real-time access to critical business data.

New Jersey City University

Jersey City, USA

G.A. – Data Scientist

September 2025 – June 2026

- Designed and deployed an AI-powered chatbot using Python and LLM architecture as well as a web interface (HTML/CSS/JS) that handles 100+ weekly student inquiries minimizing walk-ins by 60%. [Click here Chatbot](#)
- Supported fundraising strategy at the NJCU Foundation Office through data analysis and board reporting, contributing to major initiatives (Hudson Gives, Kean Car Show) and improving engagement.

SGS Italy,

Milan, Italy

Sales Executive

September 2023 – August 2024

- Managed government export contracts using KPI tracking supporting operations across 10+ countries and working on agreements exceeding €600K annually.

Trade Compliance Analyst

April 2019 – September 2023

- Leveraged Python and Excel for analytics and reporting across trade compliance and sales operations, supporting 100+ stakeholders across 3 continents while improving data accuracy and training 12+ colleagues on new software systems.

EDUCATION

New Jersey City University,

Jersey City, USA

Master of Science in Business Analytics & Data Science

GPA: 4.0

Saint John's University,

New York, USA

Visiting Scholar

University of Perugia,

Perugia, Italy

Master of Science in Economics & International Management

GPA: 110 cum laude

University of Perugia,

Perugia, Italy

Bachelor's Degree in Business Administration

GPA: 90/110

RESEARCH, PROJECTS, HONORS & AWARDS

Rutgers University

New Brunswick, NJ, USA

RAISE-26 – Certificate of Excellence

December 2025 – April 2026

- Selected as a finalist among 188 nationwide teams in a competitive AI and Data Science research competition in the United States, presenting original research on AI's societal and behavioral impact. [Click here RAISE-26](#)

Delta Mu Delta - Lifetime member

May 2026

- Inducted into an internationally recognized honor society for Business Administration, awarded to high-achieving students in USA, for academic excellence at New Jersey City University.

SGS Young Talent program

June 2021

- Selected for the SGS Young Talent Program at SGS Italy. Focused on developing leadership and management skills through FranklinCovey's The 7 Habits of Highly Effective People."

Independent Projects

- Built and deployed "Rest.Inventory," a restaurant inventory management application using Python (FastAPI), integrating PostgreSQL (Supabase), JWT authentication, and AI-powered insights (Google Gemini), replacing paper-based workflows and improving operational efficiency while reducing manual workload for staff. [Click here](#)
- Developing a data-driven real estate valuation application "NJ Real Estate Analyst" using Python and predictive analytics under faculty supervision, enabling users to assess property pricing vs. market benchmarks and estimate price-drop likelihood based on multiple variables. [Click here](#)

LANGUAGES & SKILLS

- Languages:** English (Fluent), Italian (Native), Albanian (Native), Spanish (Proficient)
- Skills:**
 - Programming:** Python, SQL
 - AI/ML:** LLMs, AI Agents, RAG, Machine Learning, Predictive Modeling, Prompt Engineering
 - Data & Cloud:** Snowflake, PostgreSQL, Supabase, Airflow, ETL/Data Pipelines
 - Frameworks & APIs:** FastAPI, REST APIs, MCP
 - AI Platforms:** Snowflake Cortex, Llama, Gemini
 - Analytics:** Sigma, Power BI
